*Traditional 25m Appleseed Rifle Marksmanship Event*

*Our events are typically two-day programs that teach the rifle marksmanship skills that were once commonly practiced in America. Our Instructors put in nearly 200 hours of training so they can teach the skills that will one day allow a Rifleman to be accurate out to 500 yards. This distance is known as the traditional "Rifleman's Quarter Mile" and has been part of America's marksmanship repertoire since our country's earliest days.*

*During breaks, we'll tell you the true story of the earliest days of our nation, including the detailed events of April 19, 1775. You may be surprised by what you hear.*

*Whether you've never fired a rifle before or you're already a competitive shooter, no one who comes to a Project Appleseed event ever leaves the same. The new skills, history, and friendships are inspiring and life-changing.*

### **Hunter Training**

Classes begin in the morning and conclude by 3PM. Check the FWC website for star *Florida Wildlife Commission Hunter Training Program*

*Hunting is a great way for friends and family to spend time together while experiencing Florida's natural beauty. Every hunting adventure is an opportunity to learn about wildlife and their habitats and build outdoor skills. And if the trip afield is successful, you can enjoy healthy, locally-sourced meals!*

*The Sunshine State offers a diversity of species to pursue including white-tailed deer, wild hogs, alligators, wild turkeys, waterfowl, dove, bobwhite quail and small game species such as gray squirrel, rabbits and raccoons.*

*Anyone born after May 31, 1975, who is 16 years old or older must pass a state certified hunter safety course before they can purchase a Florida hunting license that allows them to be able to hunt unsupervised. Hunter safety courses are designed to help students become safe, responsible and knowledgeable hunters and learn about conservation.*

*The classroom portion of the course is presented at a nearby community center with the shooting portion of the course being conducted at the FG&AC. Check the FWC web site or the club calendar for dates.*

*Traditional 25m Appleseed Rifle Marksmanship Event*

*Our events are typically two-day programs that teach the rifle marksmanship skills that were once commonly practiced in America. Our Instructors put in nearly 200 hours of training so they can teach the skills that will one day allow a Rifleman to be accurate out to 500 yards. This distance is known as the traditional "Rifleman's Quarter Mile" and has been part of America's marksmanship repertoire since our country's earliest days.*

*During breaks, we'll tell you the true story of the earliest days of our nation, including the detailed events of April 19, 1775. You may be surprised by what you hear.*

*Whether you've never fired a rifle before or you're already a competitive shooter, no one who comes to a Project Appleseed event ever leaves the same. The new skills, history, and friendships are inspiring and life-changing.*
