1290 CR 90 East
Bunnell, FI 32110
08:00 AM - 12:00 PM EST
Service Rifle / XTC Matches

This 50 round club match is shot to NRA rules. We shoot 10 rounds slow fire off hand, 10 rounds rapid fire sitting, 10 rounds rapid fire prone and 20 rounds slow fire prone. If the shooter wishes the starting position in rapid fire stages may begin in the standing position (CMP rules). Sighters are shot before the match begins. While we expect to shoot all matches at the 200 yard line, range conditions may require use of the 100 yard range. Sign up begins at 8:00 AM with sighters at 8:30AM

Hosted by Flagler Gun Club To be held on the 100-yard Rifle Range

Ammonium: 22 LR (HV not allowed)

***Match Dates: See Club calendar for upcoming match and practice events. (Please check calendar day prior to all events for cancelation notice due to weather)*

***Future matches will be scheduled on the club calendar; frequency will depend on participation and range availability".*

Fees are \$10 for members, \$20 for nonmembers.

Saturdays sign up by 8:00 a.m. First shots promptly at 8:30.

Sundays sign up by 8:30 a.m. First shots promptly at 9:00

Targets are 8 swinging steel targets at 100 yards, ranging in size from 2 1/4" diameter to 1/2" inch diameter in 1/4" increments.

Targets must be shot in order, largest to smallest. Target must visibly "swing" to be counted as a hit (Range Officials decision is final).

If a target is shot at and missed, you lose all accumulated points for that set.

If a target is shot out of order, you lose all points for that set.

You may stop at any time and keep all points earned for that set.

If time runs out and you have not missed, you keep your points for that set.

Match is 3 sets, shot from the prone / bench positions. Match score is total from all 3 rounds.

There is a 3-minute time limit per set starting at the buzzer after load and make ready.

NO COACHING – Shooter is responsible for hitting correct target, doping wind, etc.

No scores will be announced until the end of the match.

Matches are set up as " Friendly competition" among participants, In a supportive environment.

So, come out and have fun!

Note: See Rifle classification criteria attached. KYL_rifle_classification_criteria.rtf

Basic Pistol/CCW Class
Flagler G&AC Trap Building & Pistol Range
1290 County Road East
Bunnell, FL 32110

01:00 PM - 05:00 PM EST

Education Director, 3866934043

education@flaglergunclub.com

Basic Pistol/CCW Class - Normally offered on the 4th Saturday of the month - 1-5 PM.

As of June 1, 2023, a Florida issued Concealed Weapons Permit is no longer required to carry a concealed pistol in Florida. It is required, however, for a Florida resident to legally carry a pistol in the currently 37 other states who have reciprocity agreements with Florida. The course also contains information and experience valuable for both new and experienced shooters. A Florida Concealed Weapons Permit will also preclude the 3-day Florida waiting period required to take possession of a firearm.

The Basic Pistol/Concealed Carry Class is offered monthly, taught by certified NRA Instructors with years of experience. It covers the function, design, selection, and use of pistols, revolvers, and ammunition, along with safe gun handling, and basic shooting skills such as sight picture, trigger control, stance, and grip. You will also receive hands-on live-fire instruction on the range. If you are a beginning shooter, bring your .22 LR pistol and ammunition for this class, and bring the handgun you intend to carry, with ammunition. Also, bring any accessories and handbooks for all equipment. If you do not have a handgun, we will provide one if requested prior to the course.

If you are an experienced shooter, just bring your carry gun and ammunition. A .22 LR pistol is optional for experienced shooters. The range portion of the course will be conducted on a covered outdoor firing line. Dress appropriately, including shoes that completely cover the feet. Ear and eye protection is required on all ranges.

The class is free to members during their first six months; the cost for guests and non-members is \$60 in cash or check payable at the class. Class size limited to 8 students. The class is usually offered on the fourth Saturday of the month, other than on holidays. Check the FG&AC calendar to confirm the date, and note any changes.

The class begins at 1 PM in the Trap Field building and concludes at the pistol range, at approximately 5 PM. Arrive by 12:45 PM to complete enrollment before class.

Please note that while this course contains the basics necessary to safely carry and use a pistol, and uses materials taken from the NRA pistol course, it does not include all the topics and activities to completely meet the official NRA Pistol Course requirements. The official NRA Pistol Course will periodically be offered at the FG&AC, will be listed on the club calendar, and members will be notified accordingly.

To REGISTER and reserve your seat, email education@flaglergunclub.com, along with a copy of the front of your driver's license to ensure accuracy in issuing the certificate of completion. This will be returned at the class. Confirmation will be by return email. Please address any questions via email at education@flaglergunclub.com

Longshot Match

Rifle Range @ Flager Gun Club (200 yard range)

1290 CR 90 East

Bunnell, FL 32110

08:00 AM - 12:00 PM EST

Course of Fire: The course of fire consists of five minutes for unlimited sighting shots and 3 strings of 10 record shots for record at 200 yards.

The course of fire will be fired on electronic targets. (unless shooter is assigned a paper target) After the five-minute sighting period, the competitors will be given the command LOAD AND STANDBY. Shooters will then have 15 seconds for firing each round and 20 seconds for preparation. After one minute, 50 seconds, the LOAD AND STANDBY command for the second firer's first shot is given.

Bench Shooters: Only authorized sandbag rests (Rule 6.4.3) or slings (Rule 6.3.3) may be used. No mechanical or adjustable rests, bipods, or rear rests or other means of support may be used. Front bag rests may not provide a channel in which to rest the rifle.

Bunnell, FL 32110

09:00 AM - 11:00 AM EST

Jim Matrangos, 912-996-3620

rifle@flaglerygunclub.com

This is a precision rifle club match shot on the 50 yard range.

A very accurate 22 rimfire rifle is needed along with good front and rear rests.

Scopes of at least 24x are recommended. Keep in mind the 10 ring on these targets is 0.10.

Shooters can select their own targets from either ARA or USBR.

The ARA and USBR targets must be shot in 20 minutes (25 bulls).

Appleseed Event on Action Range

08:00 AM - 05:00 PM EST

Appleseed returns to the Flagler Gun & Archery Club for four weekends in 2024. If you have not yet earned your Rifleman's Patch, this is your chance. Ideal safe event for kids and grandkids who can stay focused for the 8-hour days and know the basics of firearm safety.

Traditional 25m Appleseed Rifle Marksmanship Event

Our events are typically two-day programs that teach the rifle marksmanship skills that were once commonly practiced in America. Our Instructors put in nearly 200 hours of training so they can teach the skills that will one day allow a Rifleman to be accurate out to 500 yards. This distance is known as the traditional "Rifleman's Quarter Mile" and has been part of America's marksmanship repertoire since our country's earliest days.

During breaks, we'll tell you the true story of the earliest days of our nation, including the detailed events of April 19, 1775. You may be surprised by what you hear.

Whether you've never fired a rifle before or you're already a competitive shooter, no one who comes to a Project Appleseed event ever leaves the same. The new skills, history, and friendships are inspiring and life-changing.

Project Appleseed is returning to the Flagler Gun Club for a full weekend of rifle marksmanship and American heritage on February 17 - 18, 2024.

Skilled Marksmanship: An American Tradition

You can't write the story of America without including several chapters about the skill and bravery of our forefathers. On April 19, 1775, at Lexington and Concord, American colonists stood with muskets in hand and faced down the British army forces that were trying to seize their arms. The colonists did it with grit, determination, and superior marksmanship. They were real marksmen: nobly and ably putting their skills on the line in pursuit of Lady Liberty.

We are the descendants of those fearless men and women who earned our liberty on the battlefield. We honor their pursuit of liberty by passing along the skills and knowledge that aided them in securing it. Today's Rifleman understands that owning and mastering a rifle is part of his/her American heritage. Whether you're a new shooter or a seasoned marksman, Project Appleseed can help transform you from a person with a rifle into a principled and skilled Rifleman.

Our nationwide, all volunteer program (the primary activity of the RWVA, a qualified 501 (c) 3 public charity organization), endeavors to take rifle owners and make them into Riflemen by teaching the essential elements of marksmanship in a safe, family-friendly environment. Historically, an American rifleman could consistently hit a 20" target all the way out to 500 yards using standard rack grade centerfire rifle and factory ammo and employing no artificial supports other than a sling.

We teach both the use of iron sights as well as scopes and any standard caliber rifle permitted at Flagler Gun Club is acceptable. .22's are popular due to the relatively inexpensive ammo and minimal noise and recoil. By using reduced scale targets, initial instruction and practice is done at 25 meters, which means less time walking back and forth from the target line to the firing line. Subjects covered include firearms safety, attaining rock-solid field positions (prone, seated, kneeling, standing) using skeletal support aided with a shooting sling, finding and employing your Natural Point of Aim (NPOA) to facilitate precise rapid-fire shooting on multiple targets, and the Six Steps to firing a shot. Other elements covered are sight adjustments using minutes of angle, proper fitting of your rifle, transitions and reloads under time pressure, Rifleman's Cadence in rapid fire, target detection, ranging, wind compensation, and much more. Our Instructors put in nearly 200 hours of training so they can teach the skills that if practiced will one day allow a Rifleman to be accurate out to 500 yards. The teaching methods used have been proven for generations of riflemen and Project Appleseed instructors are some of the best in the business, adhering to standards rarely equaled in

the shooting world.

This particular event will be a “low-round count” event which will focus on refining techniques with dry-practice before significant live fire.

We have had some mature and responsible 8-year-old students and the most experienced shooter was in his late 70’s. If you have a physical limitation we can, and will, adapt the materials to allow you to participate as fully as you wish.

The marksmanship program is first-class but many students say that the history and heritage, which is also part of an Appleseed event, is memorable, entertaining, and inspiring. During the course of the weekend, well researched stories of the early days of our Revolutionary War are passionately told by the instructors to reconnect ordinary Americans with their extraordinary heritage. We focus on the events surrounding April 19, 1775. [if you cannot make out in February, we will back to Flagler Gun Club in 2024 on April 20-22, October 19-20, and December 7-8].

Whether you come for the marksmanship, the history, or both, you will leave the event a safer, more capable shooter with a greater understanding of and appreciation for the brave men and women who helped form our country. New shooter or old pro, Appleseed will help make you better.

Pricing remains reasonable for a full two days of instruction and shooting:

*Adult
\$ 75*

*Under 18 (ID may be required to verify age)
\$ 30*

*Law Enforcement/w ID
\$ 30*

*Military Active, Reserve, & Guard/w ID

Basic Pistol/CCW Class
Flagler G&AC Trap Building & Pistol Range
1290 County Road East
Bunnell, FL 32110

01:00 PM - 05:00 PM EST

Education Director, 3866934043

education@flaglergunclub.com

Basic Pistol/CCW Class - Normally offered on the 4th Saturday of the month - 1-5 PM.

As of June 1, 2023, a Florida issued Concealed Weapons Permit is no longer required to carry a concealed pistol in Florida. It is required, however, for a Florida resident to legally carry a pistol in the currently 37 other states who have reciprocity agreements with Florida. The course also contains information and experience valuable for both new and experienced shooters. A Florida Concealed Weapons Permit will also preclude the 3-day Florida waiting period required to take possession of a firearm.

The Basic Pistol/Concealed Carry Class is offered monthly, taught by certified NRA Instructors with years of experience. It covers the function, design, selection, and use of pistols, revolvers, and ammunition, along with safe gun handling, and basic shooting skills such as sight picture, trigger control, stance, and grip. You will also receive hands-on live-fire instruction on the range. If you are a beginning shooter, bring your .22 LR pistol and ammunition for this class, and bring the handgun you intend to carry, with ammunition. Also, bring any accessories and handbooks for all equipment. If you do not have a handgun, we will provide one if requested prior to the course.

If you are an experienced shooter, just bring your carry gun and ammunition. A .22 LR pistol is optional for experienced shooters. The range portion of the course will be conducted on a covered outdoor firing line. Dress appropriately, including shoes that completely cover the feet. Ear and eye protection is required on all ranges.

The class is free to members during their first six months; the cost for guests and non-members is \$60 in cash or check payable at the class. Class size limited to 8 students. The class is usually offered on the fourth Saturday of the month, other than on holidays. Check the FG&AC calendar to confirm the date, and note any changes.

The class begins at 1 PM in the Trap Field building and concludes at the pistol range, at approximately 5 PM. Arrive by 12:45 PM to complete enrollment before class.

Please note that while this course contains the basics necessary to safely carry and use a pistol, and uses materials taken from the NRA pistol course, it does not include all the topics and activities to completely meet the official NRA Pistol Course requirements. The official NRA Pistol Course will periodically be offered at the FG&AC, will be listed on the club calendar, and members will be notified accordingly.

To REGISTER and reserve your seat, email education@flaglergunclub.com, along with a copy of the front of your driver's license to ensure accuracy in issuing the certificate of completion. This will be returned at the class. Confirmation will be by return email. Please address any questions via email at education@flaglergunclub.com

XTC Match

Rifle Range @ Flager Gun Club (200 yard range)

1290 CR 90 East

Bunnell, FL 32110

08:00 AM - 12:00 PM EST

Service Rifle / XTC Matches

This 50 round club match is shot to NRA rules. We shoot 10 rounds slow fire off hand, 10 rounds rapid fire sitting, 10 rounds rapid fire prone and 20 rounds slow fire prone. If the shooter wishes the starting position in rapid fire stages may begin in the standing position (CMP rules). Sighters are shot before the match begins. While we expect to shoot all matches at the 200 yard line, range conditions may require use of the 100 yard range. Sign up begins at 8:00 AM with sighters at 8:30AM

Open House/Cancer Fund Raiser/ Family Day

Flagler Gun & Archery Club

1290 County Road 90 East

Bunnell, FL 32110

10:00 AM - 04:00 PM EST

Steve Canfield,

president@Flaglerygunclub.com

So October 26th will be a big day at our Club. We have decided to combine our annual Open House with our Cancer Fund Raiser and Family Day. There will be RSO's at every Range and we are putting out the Club's Garands (Rifle Range), .22lr rifles (youngsters at the Pistol Range), and shotguns (Skeet and Trap). If you would like to try a new discipline, this would be the day to do it. There will be a bounce house for the kids, entertainment from 11-2, candidates for office, lunch will be provided (first come). You will be able to try Cowboy Fast Draw, Steel Challenge, KYL (know your limits on the rifle range). All while helping the Advent Foundation Cancer Fundraiser - there will be a silent auction and other activities at the trap house. More information will be coming, and requests for volunteers will be sent out soon. Mark the date on your calendar and plan to attend.

Basic Pistol/CCW Class
Flagler G&AC Trap Building & Pistol Range
1290 County Road East
Bunnell, FL 32110

01:00 PM - 05:00 PM EST

Education Director, 3866934043

education@flaglergunclub.com

Basic Pistol/CCW Class - Normally offered on the 4th Saturday of the month - 1-5 PM.

As of June 1, 2023, a Florida issued Concealed Weapons Permit is no longer required to carry a concealed pistol in Florida. It is required, however, for a Florida resident to legally carry a pistol in the currently 37 other states who have reciprocity agreements with Florida. The course also contains information and experience valuable for both new and experienced shooters. A Florida Concealed Weapons Permit will also preclude the 3-day Florida waiting period required to take possession of a firearm.

The Basic Pistol/Concealed Carry Class is offered monthly, taught by certified NRA Instructors with years of experience. It covers the function, design, selection, and use of pistols, revolvers, and ammunition, along with safe gun handling, and basic shooting skills such as sight picture, trigger control, stance, and grip. You will also receive hands-on live-fire instruction on the range. If you are a beginning shooter, bring your .22 LR pistol and ammunition for this class, and bring the handgun you intend to carry, with ammunition. Also, bring any accessories and handbooks for all equipment. If you do not have a handgun, we will provide one if requested prior to the course.

If you are an experienced shooter, just bring your carry gun and ammunition. A .22 LR pistol is optional for experienced shooters. The range portion of the course will be conducted on a covered outdoor firing line. Dress appropriately, including shoes that completely cover the feet. Ear and eye protection is required on all ranges.

The class is free to members during their first six months; the cost for guests and non-members is \$60 in cash or check payable at the class. Class size limited to 8 students. The class is usually offered on the fourth Saturday of the month, other than on holidays. Check the FG&AC calendar to confirm the date, and note any changes.

The class begins at 1 PM in the Trap Field building and concludes at the pistol range, at approximately 5 PM. Arrive by 12:45 PM to complete enrollment before class.

Please note that while this course contains the basics necessary to safely carry and use a pistol, and uses materials taken from the NRA pistol course, it does not include all the topics and activities to completely meet the official NRA Pistol Course requirements. The official NRA Pistol Course will periodically be offered at the FG&AC, will be listed on the club calendar, and members will be notified accordingly.

Appleseed Event on Action Range

08:00 AM - 05:00 PM EST

Appleseed returns to the Flagler Gun & Archery Club for four weekends in 2024. If you have not yet earned your Rifleman's Patch, this is your chance. Ideal safe event for kids and grandkids who can stay focused for the 8-hour days and know the basics of firearm safety.

Traditional 25m Appleseed Rifle Marksmanship Event

Our events are typically two-day programs that teach the rifle marksmanship skills that were once commonly practiced in America. Our Instructors put in nearly 200 hours of training so they can teach the skills that will one day allow a Rifleman to be accurate out to 500 yards. This distance is known as the traditional "Rifleman's Quarter Mile" and has been part of America's marksmanship repertoire since our country's earliest days.

During breaks, we'll tell you the true story of the earliest days of our nation, including the detailed events of April 19, 1775. You may be surprised by what you hear.

Whether you've never fired a rifle before or you're already a competitive shooter, no one who comes to a Project Appleseed event ever leaves the same. The new skills, history, and friendships are inspiring and life-changing.

Project Appleseed is returning to the Flagler Gun Club for a full weekend of rifle marksmanship and American heritage on February 17 - 18, 2024.

Skilled Marksmanship: An American Tradition

You can't write the story of America without including several chapters about the skill and bravery of our forefathers. On April 19, 1775, at Lexington and Concord, American colonists stood with muskets in hand and faced down the British army forces that were trying to seize their arms. The colonists did it with grit, determination, and superior marksmanship. They were real marksmen: nobly and ably putting their skills on the line in pursuit of Lady Liberty.

We are the descendants of those fearless men and women who earned our liberty on the battlefield. We honor their pursuit of liberty by passing along the skills and knowledge that aided them in securing it. Today's Rifleman understands that owning and mastering a rifle is part of his/her American heritage. Whether you're a new shooter or a seasoned marksman, Project Appleseed can help transform you from a person with a rifle into a principled and skilled Rifleman.

Our nationwide, all volunteer program (the primary activity of the RWVA, a qualified 501 (c) 3 public charity organization), endeavors to take rifle owners and make them into Riflemen by teaching the essential elements of marksmanship in a safe, family-friendly environment. Historically, an American rifleman could consistently hit a 20" target all the way out to 500 yards using standard rack grade centerfire rifle and factory ammo and employing no artificial supports other than a sling.

We teach both the use of iron sights as well as scopes and any standard caliber rifle permitted at Flagler Gun Club is acceptable. .22's are popular due to the relatively inexpensive ammo and minimal noise and recoil. By using reduced scale targets, initial instruction and practice is done at 25 meters, which means less time walking back and forth from the target line to the firing line. Subjects covered include firearms safety, attaining rock-solid field positions (prone, seated, kneeling, standing) using skeletal support aided with a shooting sling, finding and employing your Natural Point of Aim (NPOA) to facilitate precise rapid-fire shooting on multiple targets, and the Six Steps to firing a shot. Other elements covered are sight adjustments using minutes of angle, proper fitting of your rifle, transitions and reloads under time pressure, Rifleman's Cadence in rapid fire, target detection, ranging, wind compensation, and much more. Our Instructors put in nearly 200 hours of training so they can teach the skills that if practiced will one day allow a Rifleman to be accurate out to 500 yards. The teaching methods used have been proven for generations of riflemen and Project Appleseed instructors are some of the best in the business, adhering to standards rarely equaled in

the shooting world.

This particular event will be a “low-round count” event which will focus on refining techniques with dry-practice before significant live fire.

We have had some mature and responsible 8-year-old students and the most experienced shooter was in his late 70’s. If you have a physical limitation we can, and will, adapt the materials to allow you to participate as fully as you wish.

The marksmanship program is first-class but many students say that the history and heritage, which is also part of an Appleseed event, is memorable, entertaining, and inspiring. During the course of the weekend, well researched stories of the early days of our Revolutionary War are passionately told by the instructors to reconnect ordinary Americans with their extraordinary heritage. We focus on the events surrounding April 19, 1775. [if you cannot make out in February, we will back to Flagler Gun Club in 2024 on April 20-22, October 19-20, and December 7-8].

Whether you come for the marksmanship, the history, or both, you will leave the event a safer, more capable shooter with a greater understanding of and appreciation for the brave men and women who helped form our country. New shooter or old pro, Appleseed will help make you better.

Pricing remains reasonable for a full two days of instruction and shooting:

*Adult
\$ 75*

*Under 18 (ID may be required to verify age)
\$ 30*

*Law Enforcement/w ID
\$ 30*

Basic Pistol/CCW Class
Flagler G&AC Trap Building & Pistol Range
1290 County Road East
Bunnell, FL 32110

01:00 PM - 05:00 PM EST

Education Director, 3866934043

education@flaglergunclub.com

Basic Pistol/CCW Class - Normally offered on the 4th Saturday of the month - 1-5 PM.

As of June 1, 2023, a Florida issued Concealed Weapons Permit is no longer required to carry a concealed pistol in Florida. It is required, however, for a Florida resident to legally carry a pistol in the currently 37 other states who have reciprocity agreements with Florida. The course also contains information and experience valuable for both new and experienced shooters. A Florida Concealed Weapons Permit will also preclude the 3-day Florida waiting period required to take possession of a firearm.

The Basic Pistol/Concealed Carry Class is offered monthly, taught by certified NRA Instructors with years of experience. It covers the function, design, selection, and use of pistols, revolvers, and ammunition, along with safe gun handling, and basic shooting skills such as sight picture, trigger control, stance, and grip. You will also receive hands-on live-fire instruction on the range. If you are a beginning shooter, bring your .22 LR pistol and ammunition for this class, and bring the handgun you intend to carry, with ammunition. Also, bring any accessories and handbooks for all equipment. If you do not have a handgun, we will provide one if requested prior to the course.

If you are an experienced shooter, just bring your carry gun and ammunition. A .22 LR pistol is optional for experienced shooters. The range portion of the course will be conducted on a covered outdoor firing line. Dress appropriately, including shoes that completely cover the feet. Ear and eye protection is required on all ranges.

The class is free to members during their first six months; the cost for guests and non-members is \$60 in cash or check payable at the class. Class size limited to 8 students. The class is usually offered on the fourth Saturday of the month, other than on holidays. Check the FG&AC calendar to confirm the date, and note any changes.

The class begins at 1 PM in the Trap Field building and concludes at the pistol range, at approximately 5 PM. Arrive by 12:45 PM to complete enrollment before class.

Please note that while this course contains the basics necessary to safely carry and use a pistol, and uses materials taken from the NRA pistol course, it does not include all the topics and activities to completely meet the official NRA Pistol Course requirements. The official NRA Pistol Course will periodically be offered at the FG&AC, will be listed on the club calendar, and members will be notified accordingly.

To REGISTER and reserve your seat, email education@flaglergunclub.com, along with a copy of the front of your driver's license to ensure accuracy in issuing the certificate of completion. This will be returned at the class. Confirmation will be by return email. Please address any questions via email at education@flaglergunclub.com

XTC Match

Rifle Range @ Flager Gun Club (200 yard range)

1290 CR 90 East

Bunnell, FI 32110

08:00 AM - 12:00 PM EST

Service Rifle / XTC Matches

This 50 round club match is shot to NRA rules. We shoot 10 rounds slow fire off hand, 10 rounds rapid fire sitting, 10 rounds rapid fire prone and 20 rounds slow fire prone. If the shooter wishes the starting position in rapid fire stages may begin in the standing position (CMP rules). Sighters are shot before the match begins. While we expect to shoot all matches at the 200 yard line, range conditions may require use of the 100 yard range. Sign up begins at 8:00 AM with sighters at 8:30AM
